TUCUMCARI AND TEXICO R. R.

**So Far No Plan Has Been
Formulated.**

A PROMOTER WANTED

**Before Any Definite Steps
are Taken.**

A called meeting of the committee appointed on railroads by Citizens' meeting held July 23rd, was held at the court house Tuesday evening, and matters pertaining to the Texico and Tucumcari railroad were discussed. Nothing definite was accomplished, but progress can be reported.

The following resolution was adopted and became a part of the minutes of the meeting:

CAPT. KINDRED,
Chairman Texico-Farwell Com.,
Texico, N. M., July 31, 1907.
Dear Sir—

In behalf of the Committee, appointed by the citizens of Tucumcari to meet your Committee, for the purpose of devising ways and means to construct a Railroad from Texico to Tucumcari, I beg to advise you that we have not formulated any plan so far. If you will kindly advise us what is wanted on our part, we are ready to co-operate. In our opinion some plan should be devised and there ought to be someone to promote this enterprise before any definite steps can be taken. We believe that all preliminary work should be started from your end of the line. Our Committee is ready at any time to meet with yours to fully discuss these matters, and we feel confident, if matters are taken hold of properly, the results will be mutually advantageous to both of our Towns and Counties.

Yours Very Truly,
A. D. GOLDENBERG,
Chairman.

TUCUMCARI JOINS WITH TEXICO

That the people of Texico did not allow any grass to grow beneath their feet in the matter of the Texico-Tucumcari railroad is evidenced by the text of a telegram received yesterday. C. H. Leftwich got the wire which read: "Home tomorrow by way of Mel-

(Continued on page two.)

A FEW BUILDINGS UNDER CONSTRUCTION

M. H. Koch, the undertaker and furniture dealer, is having his establishment dismantled, and another story will be added to the building.

The N. V. Gallegos building on Second street is nearing completion. The up stairs will be occupied by Pankey & Johnson for photographing purposes. Mr. Gallegos will also office on the second floor, and the ground floor will be occupied by a butcher's shop.

The Carter building, a handsome two-story building on Main, is all completed except inside finishing by the carpenters and plasterers. The five rooms up stairs will be utilized for offices and the lower floor will be a first class up-to-date barber shop with bath rooms in connection.

Work on the large concrete building opposite the Plaza Hotel, under construction by John Quinliven, contractor, is being pushed rapidly, and when completed will be occupied by a saloon.

On Second street, the double building of Herman Gerhardt has the plastering most completed, and the buildings inclosed. The south room now has its concrete floor laid and soon will be the home of this paper; the other room will be occupied by a billiard parlor.

The Cold Storage plant north of Glenrock Hotel is now being occupied by W. B. Jarrell. The building is a large adobe and well fitted for the purposes for which it was built.

Workmen are busy on the handsome two-story structure of Jones, the Jeweler, corner Second and Center streets. This building will be occupied by Mr. Jones with his jewelry and music emporium.

The two story building joining Jones on the east will be ready for occupancy in a few days.

A large two-story frame is being erected one block east of the Plaza Hotel.

Anderson, the tinner, is having constructed a building on Center street.

The LaMar residence on Second street will be moved to ground south of the Catholic Church, and a rock building erected on the ground 50x142 feet, two stories.

The J. A. Street residence on East Main—ten rooms, a handsome and costly structure, will be ready for occupancy in a few more days.

Inside decorators are finishing up the Nicanor Tafoya residence.

The two-story 50-foot front business house of A. B. Simpson on Main street has the first story walls up and a large force of masons at work.

M. B. Fowler has just completed large warehouses and sheds at his bottling works.

The Dr. Pring residence near the Catholic Church, has the roof on and carpenters at work on the interior.

P. S. Sisley's residence on South Fourth street is about ready for the painters.

John Welch is building two handsome residence houses just east of the Baptist Church. Two other houses on the same street are being framed.

Aside of the list of buildings above mentioned, no less than thirty-two houses of various dimensions and architectural beauty are being built in the several additions.

Telephone Improvements.

The telephone company requests us to state to those who have ordered and those desiring telephones that they have bought from the factory three thousand feet of cable with which to cable Main street, and also to cable under the railroads to the north side. The work will be pushed as fast as possible just as soon as the cable arrives. This is necessary because they have no more room for wire on the Main street lead. The company will spend about \$1,200 for new material and construction work in the next sixty days to keep abreast of the rapid development of the city. In the meantime they will continue to put in all that can be reached until the cable arrives.

Eugenio Romero, treasurer and collector of San Miguel county is a visitor at the N. V. Gallegos home. Mr. Romero is N. V.'s father-in-law, and will remain in the city for a few days transacting business.

CURRY CALLED AT WHITE HOUSE

**In Company With Delegate Andrews—Left this Afternoon
for Oyster Bay.**

Washington, July 30—Governor George Curry and Delegate W. H. Andrews called at the White House this forenoon and also upon Colonel Edwards, chief of the division of insular affairs of the War Department, on territorial affairs and official business.

Governor Curry left this afternoon for New York and Oyster Bay. It is expected that he will return to Washington tomorrow and will leave for New Mexico probably Friday.

If this program is carried out Captain Curry will likely reach Santa Fe Tuesday and the inauguration will take place not later than Wednesday, August 7th.

WILL MAKE SOME CHANGES.

On leaving Sagamore Hill, Governor Curry said he had gone over the New Mexican situation in a general way with the president. He will spend one day in Washington and then proceed to Santa Fe. "You know," he remarked, "I have always been a democrat, but I am a Roosevelt man. The president wants me to take hold of the administration in New Mexico with but one object in view, clean government. There will be some changes in the officials of the territory, but these cannot be announced at present. The appointments I shall make will be solely with the view of getting good officials. Wherever I can get such officials from the republican party, I shall take them, but shall not be confined to that party in making appointments. The political factional wrangle in the territory has grown to be very acute, and the president has honored me with the appointment as governor, a place I was not at all anxious to take, evidently because I had been out of the territory for the past eight years and am entirely free from all such alliances."

The Ladies Aid Society of the Presbyterian Church will hold their next meeting at the church at three o'clock, Thursday afternoon, August 8th.
